

LDPE Bags

We bring for our clients, a wide variety of LDPE bags that are available in printed / plain, lay flat and gazetted types. Designed using virgin polyethylene granules, these LDPE bags are widely used for the packaging of Chemicals, Explosive Chemicals, frozen foods, poultry, potting soil, Textiles, glass product welding rods and many other products. These LDPE bags are available in varied sizes 10 inch to 60 inch & thickness 40 microns to 250 microns to suit the application requirements of our clients.

LDPE Shrink Bags

We are offering our clients LDPE shrink bags that are designed using virgin polyethylene granules. These shrink bags are known for their high tensile strength, high tear resistance and crack resistance. These shrink bags are used for packaging purposes in varied industries and are offered to our clients in various sizes.

LDPE Rolls

We offer LDPE Shrink Rolls that are extensively used in numerous industries for the purpose of packaging. Our superior quality and environment friendly product is stringently tested on the parameters of thickness, strength and width. These rolls are used in the packing of items in the areas like chemical, ceramics, pharmaceuticals, textiles and many more.

LDPE Shrink Rolls

We offer LDPE Shrink Rolls that are extensively used in numerous industries for the purpose of packaging. Our superior quality and environment friendly product is stringently tested on the parameters of thickness, strength and width. These rolls are used in the packing of items in the areas like food industries, stationary industries, newspaper industries, pharmaceuticals, textiles and many more.

About us

SINCE 1992, Pooja Plastic Industries is one of the leading concerns with its underlying interests in the manufacturing, exporting and supplying of a comprehensive range of extruded plastic products. Technically advanced and innovatively designed, our extruded plastic products include Manual p.p.box strap, Semi automatic pp box straps, Fully automatic p.p. box strap, LDPE liner bags, & Rolls, HM Bags & rolls, LDPE shrink bags & rolls, Anti static bags & Rolls. We manufacture 8 mm to 19 mm Fully Auto, Semi Auto & Manual Box Strap & in different thickness ranging from 0.4 to 0.7 mm. Depending on your end application and requirement, we are in a position to supply Virgin, Coloured and Natural, Printed & Plain Box Straps. Likewise, LDPE Linner bags & rolls from 125 Gauge upwards and having width of 10" to 60" & Shrink Rolls & bags from 125 Gauge onwards & having width 10" to 26" from Virgin material. In case of H.M. Bags & Rolls, we can supply 80 Gauge onwards. Extensively used in varied industries like Ceramics, Textile chemicals, Metals, food processing & pharmaceuticals etc.. Our range of extruded plastic products are known for their superior quality and environment friendliness. These are made using hi-tech machines and are stringently quality tested so as to meet the national and international standards of quality. In the future development, we are willing to work with your company together providing best quality of box strap and bag materials and the most satisfactory services...

Anti Static LDPE/HM Bag

Anti Static Bags that are electrically non conductive, which have a strong tendency to accumulate surface electrostatic charges. Antistatic agents act to reduce surface resistivities and therefore, dissipate high electric charge densities on the surface of plastics. **Antistatic bags** decrease the surface resistance of the end product and avoids the accumulation of static charges. An antistatic bag is a bag that has been specially designed to help prevent static electricity generated inside the bag. These bags are often used to store and transfer explosive chemicals..

Binding your trust with strap

An ISO 9001:2008 Certified Company

Fully Automatic Box Strapping

Suitable for Fully Automatic PP Box Straping M/c Where on line strapping is necessary, Generally used in ceramic Industries Houseware, (AC/TV/Freeze) manufactures new paper industries, Food Industries Available in different sizes from 9mm to 19mm and thickness from 0.6 mm to 0.7 mm

Technical Details

- Paper Core: 200 mm ID x 190 mm L
- Packing: Two Rolls either in Box or in Bundles
- Printing: Single Color on line printing facility available.
- Colors: Available in Transparent, White, and Other Colors
- Variation: In length +/- 3%
- In Thickness -0.05 mm

Other Specification

Product Code	Width in mm	Thick mm	Breaking Low	Mtrs Roll	Net Wt.
FA 906	9	0.6	80	3000	9
FA 1206	12	0.6	105	2000	8
FA 1506	15	0.6	150	1000	6
FA 1906	19	0.6	160	1000	7

Semi Automatic Box Strapping

Pooja Strap Semi Automatic P.P Box Strap are suitable for semi Auto machines as shown and are available in different sizes from width 9 mm to 19 mm and thickness from 0.4mm to 0.7mm, Pooja straps are also available in different customized color options and printed / plane form

Technical Details

- Paper Core: 200 mm ID x 165 mm L
- Packing: Two Rolls / Box or Two Rolls / Bundle
- Printing: On Line Single Color printing facility available as per requirement of customer.
- Colors Available: Transparent, White, Red, Blue Green etc.
- % Variation: In length +/-3% in width / Thick +/-0.05 mm
